MEDIA PRODUCTION

- We provide a DVD/Blu-ray Authoring service, utilising your existing artwork in the process. Alternatively, our in-house design team can create exclusive artwork for your product
- We encode from numerous media formats, including XDCAM, Digi Beta, Beta SP, DVCAM, and MiniDV, amongst others, and we also work with FCP, Avid and Premiere Pro files.
- Additional services, such as adding multi-lingual subtitles to DVD/Blu-ray are available
- We also author interactive CD-ROM discs
- The encoded media formats listed are our most popular, should you require a format that is not featured please contact us as we can provide numerous alternatives
